

	MANUAL DEL SISTEMA DE GESTION DE LA CALIDAD	
	MO 5.2_01 POLITICA DE CALIDAD	Rev 6 / Febrero de 2023

ADT PIPING SOLUTIONS was created with the aim of manufacturing and supplying flanges and pipe fittings for welding in stainless carbon and alloy steel, with the highest quality standards.

Our mission is to meet the requests of our customers, in terms of product range and quality, guaranteeing compliance with their technical requirements and providing a service that fully meets the expectations of our customers. All this in compliance with current regulations.

The fundamental principles of ADT are quality and total customer satisfaction. Our economic success and survival depends on our continued dedication to these principles. Quality includes each one of the aspects of the organization from the input of the raw material to the output of the finished product.

For all these reasons, ADT implements a quality management system based on the ISO 9001:2015 standard and undertakes to comply with the applicable requirements to achieve continuous improvement of the quality management system. The scope of our management system is: "MANUFACTURE AND MARKETING OF FITTINGS AND FLANGES, STAINLESS AND ALLOY CARBON STEEL."

All this in two locations. One central and warehouse and another for mechanization, laboratory and warehouse.

The objective of this Quality Policy is the consolidation and continuous improvement of all processes By implementing a Quality management system according to the UNE-EN ISO 9001: 2015 standard, we intend to promote the improvement of our processes and the minimization of activities that do not add value, continuously improving our efficiency and effectiveness and therefore our competitiveness.

ADT PIPING SOLUTIONS understands quality as a process of continuous improvement. Establishes the Quality Objectives at all levels of the organization, monitoring the degree of compliance with them. In this way, the needs for improvement or adaptation of the system to meet our objectives are detected.

ADT PIPING SOLUTIONS recognizes that the participation of all the company's collaborators, both internal and external, is essential for the fulfillment of these objectives; the improvement of individual work, teamwork and total commitment to the general objectives of our company. For all these reasons, it is committed to involving all staff in the implementation and improvement process, encouraging all its members in continuous training.

ADT PIPING SOLUTIONS undertakes to comply with the legal requirements that are applicable to it in the development of its activity. Specifically regarding Pressure Equipment.
